Objectives

Full Stack Developer with hands-on experience in building web applications using Java-based technologies. Skilled in application development, testing, and understanding functional requirements. To begin my career as a Full Stack Developer where I can apply my technical skills to support application development and testing. Eager to learn, grow, and contribute to team-based technology solutions.

Skills

- **Programming Language :** Java
- **Backend Technologies :** SpringBoot
- **Frontend Technologies :** HTML5, CSS3, Bootstrap, React.js
- **Database :** SQL
- **Version Control System :** Git, GitHub
- **Soft Skills :** Critical thinking, Data-driven decision making, Project ownership

Education

Bachelor of Computer Engineering

2022-2026

Sir Visvesvarya Institute of Technology (SVIT), Nashik

CGPA: 9.55

Projects

Shopper - E-commerce Website

- **Tech Stack :-** React.js, HTML, CSS, JavaScript, ,MongoDB
- Built a responsive platform with catalog, search, filtering, and shopping cart.
- Implemented React Router for smooth navigation & React Hooks for state management.

MahaYatra -Bus & Train Reservation System

- **Tech Stack :-** Java , SpringBoot , MySQL
- Designed and implemented dynamic seat selection & route filtering for real-time booking.
- Added user authentication & role-based access for improved security.

EmpTrack -Employee Management System

- **Tech Stack :-** Java,JSP, Servlets, MySQL, Bootstrap
- Developed role-based authentication (Admin vs Employee).
- Optimized queries, improving performance by 30%. Enabled secure CRUD operations for employee data.

AI Based Accident Detection System(In Progress)

- Developing an AI-enabled solution using ESP32, sensors, and YOLOv8.
- Applying analytical and quantitative assessment to validate detection accuracy.
- Building a Flask-based dashboard for real-time alerts and monitoring.

Additional Information

- Strong interest in learning new technologies and enterprise systems.
- Comfortable working in team-based and process-driven environments.
- Willing to adapt to new tools, technologies, and project requirements.
- Languages known : English , Hindi ,Marathi
